Palīdzība ukraiņiem Latvijā

Informatīvais tālrunis

 **27 380 380**

To provide key information on how to provide and receive support to Ukrainian civilians in one place, the Society Integration Foundation has launched a unified helpline - "Help for Ukrainians in Latvia" - (+371) 27 380 380.

The "Help for Ukrainians in Latvia" line will provide war refugees from Ukraine with centralised information on the assistance and support available in Latvia, such as employment, psychological assistance, legal support, interpreters, healthcare, social support, etc. It will also provide information to the Latvian public on opportunities to donate and support, for example by volunteering.

The hotline will initially be open 24 hours a day, without weekends, and will be available in Latvian, Russian, Ukrainian and English.

Kristīne Kļukoviča
Director of the
Department
